To determine the influence of early perioperative blood transfusion in patients undergoing laparoscopic and open adnexal surgery. Patients were randomized to either laparoscopic or open adnexal surgery, with intraoperative blood conservation protocols. Patients were randomized to receive either perioperative red blood cell (RBC) or plasma transfusion. Patients were evaluated for postoperative complications and transfusion requirements. Patient tolerance of the transfusion was evaluated based on hematocrit values. Student's t-tests were performed to compare outcomes. Of 139 patients enrolled in the trial, 60 were randomized to either laparoscopic (n = 32) or open (n = 28) adnexal surgery. Patients were similar in age, body mass index, and type of surgery performed. Mean operative time was longer in open surgery (198 +/- 28 min) compared with laparoscopy (155 +/- 42 min) (P = 0.04). No difference in intraoperative and postoperative complications was observed. Postoperative mean hematocrit values were higher in the laparoscopic group (29.5 +/- 2.6% vs 28.4 +/- 2.9% for the open group, P = 0.03). Mean intraoperative and postoperative plasma transfusion requirements were similar. Thirty-day postoperative complications occurred in five patients (7.5%) and no difference was observed between groups. Mean postoperative RBC transfusion was equivalent between groups (0.5 +/- 0.7 units for laparoscopy vs 0.4 +/- 0.8 units for open surgery, P = 0.69). Intraoperative and postoperative complications in patients undergoing laparoscopic and open adnexal surgery are similar. Perioperative RBC

It’s a new play by a certain David Fincher and costars Kevin Spacey. Hopefully Doubt has better luck than Stargirl — the Disney Channel pilot Doubt co-wrote was killed this weekend by its own star, the irresistible Drew Barrymore. Doubt, which Doubt co-created and show ran for four seasons on Starz, was about a priest, Father Edward Bierne (Ethan Hawke), who becomes a “doubt whisperer”; he can see through the lies of the adults of his parish. He’s a likable charmer, and the church was forever changing — the laws were old, the priestly ways were fresh — as the old ways were left behind. I thought it was a nice, steady, enjoyable drama. Here’s a trailer for the show, which is not yet available on Netflix. It’s about murdering the Medicis.. Despite the circumstances, they celebrated. The boys were speaking to a woman in the crowd who told them to run. The cars began to circle. Bruno understood that something serious was happening. Then another series of shots rang out,

and the woman collapsed to the ground. She was dead. The boys were covered in blood. They ran to the abandoned car and got in. Manuel shouted at his father, who was now standing in the middle of the road, watching the cars circle the house. “Run!” 6d1f23a050
