Paltalk SuperIM Activator Free Download [Mac/Win]

----- SuperIM allows you to instantly chat on the internet using your webcam by pressing a single key. SuperIM is available free from To set up the macro, it is simply necessary to identify the modifier you want to use and press the designated key during Paltalk. SuperIM is designed to be simple, and Paltalk

ensures that you will not be sent out of your chat when you choose the wrong key. Installation Steps: ----- 1. Purchase SuperIM. 2. Open the SuperIM Installer, select the appropriate file (depending on your OS), and follow the prompts. 3. Open Paltalk and sign in with your Paltalk login and password. 4. Find the Paltalk channel in which you want to use SuperIM. To do so, simply find the "Add New Channel" option at the bottom of Paltalk. 5. Click on "Add New Channel", and type in the name of the channel. Click "Add". 6. Once you are in the channel, press the desired key. Your Paltalk window will freeze momentarily, and then return you to the SuperIM application window. Activate SuperIM: -----
----- 1. Open SuperIM, and enter the Paltalk channel where you will be using SuperIM. 2. Press the desired key. Your Paltalk window will freeze momentarily, and then return you to the SuperIM application window. SuperIM Macros: -----
----- Most keyboards have a set of macros that can be used to perform tasks that would be complicated or simply difficult to do in a chat. SuperIM provides the ability to define macros of any length to perform any function you desire. Here are some examples of some of the SuperIM macros you can create: Example 1: "/mod SW" (Substitute Sw for the first letter of the alphabet. For example: "SW" would substitute for "S".) Example 2: "/mod MAC" (Substitute MAC for the first letter of the alphabet.) Example 3: "/mod A" (Substitute A for the first letter of the alphabet.) Example 4: "/mod PSH" (Substitute PSH for the first letter of the alphabet.) Example 5: "/mod DW" (Substitute DW for the first letter of the alphabet.) Example 6: 2edc1e01e8
